वित्त मंत्री (श्री यशवन्त सिन्हा): (क) और (ख) 1991 से 1997 के अंत तक 150578.042 करोड़ की तुलना में वास्तविक अंतर्प्रवाह 3264.64 करोड़ रूपए के रहे हैं।

और (घ) वास्तविक अनुमोदनों की तुलना में वास्तविक अंतर्प्रवाहों में यह कमी भिन्न-भिन्न निर्माणवधियों के कारण हैं। अन्य परियोजनाओं,जहां अंतर्प्रवाहों और अनुमोदनों का अनुपात ठीक था, की तुलना में अनुमोदनों के लगभग 50 प्रतिशत हिस्से का निर्माण करने वाली बहुत-परियोजनाओं की निर्माणवधि अपेक्षाकृत लम्बी होती हैं।

Asian Economic Crisis

1459. SHRI S. RAMACHANDRAN PILLAI: Will the Minister of FINANCE be pleased to state:

(a) Government's reaction to the Asian economic crisis over the collapse of the currencies and commodity prices;

(b) whether Government's export to East Asia and south-East Asia is going to suffer as a consequence of the crisis;

(c) if so, the detils thereof;

(d) whether crisis calls for new thinking in Indian economy; and

(e) if so, the details thereof?

THE MINISTER OF FINANCE (SHRI YASHWANT SINHA): (a) The economic and financial crisis which erupted in Southeast Asia in July 1997, spread to several other economies in Asia and the spillover effects have been felt throughout the global financial system. The countries that became vulnerable to the crisis in the beginning were those with potentially unsustainable current account deficits and exchange rates system, fragile financial sector and heavy reliance on short-term borrowing. This adversely affected the confidence of foreign investors in the strength of these economies.

(b) and (c) The Southeast Asian financial crisis will to some extent, effect the competitiveness of Indian exports in respect of items which are of common interest to S.E. Asia and India.

(d) and (e) The lessons of the crisis, underscore the need to follow macro economic policies which ensure sustainable levels of current account deficits and exchange rates, adequate supervision of the financial sector with limited reliance on short-term foreign borrowings. In India, prudent financial sector norms and supervision are already in place and the economic fundamentals are reasonably strong.
